CRITICAL MASS

For the sake of peace and goodwill on the roads, let's be courteous to fellow road users, especially the vulnerable ones.

Please remember:

- always give cyclists at least **one metre clearance** and slow down when passing
- we endeavour to be considerate towards motorists, but where our safety is at stake, may feel the need to take our entitlement of a full lane - please respect our need to feel safe

wishes you a very happy holiday

Every cyclist is one less car on the road - you benefit from less traffic and cleaner air too

CYCLING FOR CLEANER AIR
